

In an effort to keep you, the parent/guardian, updated on the activities of your child while they are participating in the P-CREW program, we feel it is important to have your contact information as well. We will be sending out weekly updates in the form of either an e-mail or a blog on our website coming in June. The website will be accessible from our P-CREW page on the Sierra Institute for Community and Environment’s webpage, <http://sierrainstitute.us/young-stewards/p-crew/>.
